**Getting Started** (*on campus or off campus*)

Access to the Learning Resource Centre's electronic resources is available via the LRC homepage <http://library.angliss.edu.au/> - 'Find Information' link. To search Ebsco, select 'Databases', then click the Ebsco icon.

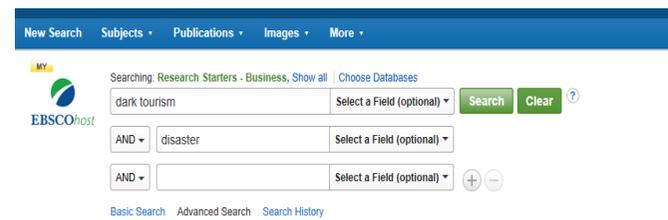

**Your profile / Personal account**

You also have the option to **Sign In to My EbscoHost**. This allows you to save your articles/search history indefinitely to your Folder and lots more. With this option you can also utilise EBSCO's Shared Folder feature which enables you to add articles to your custom folders and share them with other EBSCO users such as fellow students, or anyone interested in a specific topic. You can still add articles to the Folder without signing in, though it will only save your work for that *particular session*.

**Searching**

At the **Choose Databases** page, you can select which database/s you would like to search. Select **Continue**. This will take you straight to the **Advanced Search** page, where you can enter your search terms within the **search** boxes or choose another search option — such as **Basic**, **Subjects**, **Publications** or **Images**. Select the **More** tab for further options such as **Video** or **Company Profiles**.

**Basic Search**—Select the **Basic Search** link; this will take you to the Basic Search screen. Using **Search**

**Options**, you can select various **Search modes** such as 'Boolean/Phrase' or 'Find all my search terms'.

The **Full Text** box is checked (this means you will retrieve **complete** articles and *not* abstracts).

You can **Limit your results** by **Published Date** as well as other **limiters** for the Databases that you have chosen.

**Advanced Search**—you have the same options as the Basic Search screen, however with the Advanced Search screen you have extra search boxes that will help you build your search strategy.

## Search Results

Once you enter your search terms and select **Search**, you will see the **Results Page**. This page has **three columns**:

- **Left - Limiters and Features:-**

Refine results by **Source Types** such as Periodicals, News, Books etc or narrow by **Subject**. The **Publication Date** bar can be used to refine by date, or limit your results to **Peer Reviewed Journals**, etc.

- **Middle - Results Display:-**

Browse article titles and preview abstracts. Also you have the option to save articles by using the **Add to folder** icon.

- **Right - Related Information:-**

When there are additional sources such as images, they will be presented in this column.

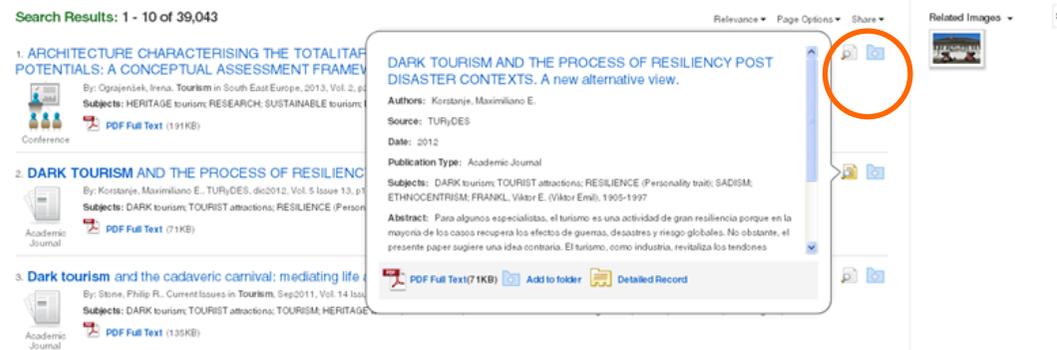

## Menus at the top of the search results screen

Select the **Page Options drop-down menu** to choose how your result list page is displayed. 'Brief' is the default option.

Select the **Share** drop-down menu to add displayed articles to your Folder, or add a search query to your Folder.

Create a search alert email or RSS feed, or highlight the link text and paste it into a web site, document or email.

You can utilise the two icons on the right hand side of the article title to browse more information about it or add to your Folder or remove from your Folder.

## Article display—Viewing, Saving, Printing, Email

To read an article select the **PDF Full Text** icon. Alternatively the article may be available in **HTML Full Text**.

Once you have selected a title you are able to utilise the tool bar on the right-hand side.

**Add to folder** Add the article to the session folder or your *My EBSCOhost* folder

**Print** Print the article.

**Email** Email the article to yourself or multiple email addresses.

**Save** Save the article to a destination.

**Cite** Retrieve citation information for the article, formatted in different referencing styles. **Note: APA (7th) is the style used at WAI.**

**Export** Used to generate referencing details for EndNote .

**Create Note** Save a note on the article to your *My EBSCOhost* folder.

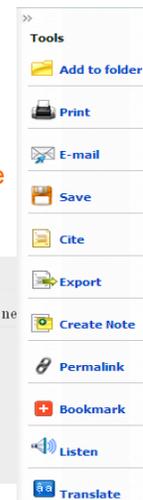

**Permalink** Copy and paste a persistent link to the article.

**Share** Save/share the article to a social media site.

**Listen** Hear the HTML Full Text of an article read to you (where available).

**Translate** Translate the HTML Full Text of the article to another language (where available)

If you need assistance with the databases see staff at the LRC Service Desk, or use the database help.
